

For almost 1000 years, Arinzano has been cultivating the mystery of Time and Nature. Located in an incomparable valley, magnified by its microclimates, the stone, the earth and the water give rise to an exceptional terroir conducive to the singular expression of three great varieties of wine. The estate has been successively owned by monks, lords and wine families, but it has always had a vocation linked to wine. Today, in the center of this magnificent valley crossed by the Ega River and the Cierzo wind, Arinzano reveals wines that preserve the strength and grace of Time and Earth.

Arinzano, a thousand years of mystery.

A complex, expressive wine that is at the same time fine, elegant, fresh and balanced. Faithful reflection of the variety taken to the extreme on the rock, land and climate, it will not leave indifferent to those who taste it as it is probably the most representative and unique chardonnay in Spain.
